It having been brought to the attention of the Board, that the refuse from the saw mill, or ractory of the Carbon Timber Company at Ft. Steele, which is permitted to float down the river Platte; will in time of high water endanger the County Bridge at Ft. Steele, it was decided that all members go to Ft. Steele and take the matter up with the said Carbon Timber Company, and to arrange for such alterations or work as may be necessary to secure the safety of the bridge.

In accordance with the above, adjournment was made to Nov. 11, at 10 o'clock A. M.

Clerk.
