ROAD
Board of County Commissioners met this 3rd Day of Feb. at 10 o'clock A. M. with all members present and Chas. W. Morgan in the chair.

The alteration and establishment of the proposed Rocky Mountain Highway between Saratoga and Encampment, Wyoming, was taken up for consideration.

After general discussion it was then moved by W. M. Englehart and duly seconded by Penn L. Gooldy, that the recommendations of the viewer of the proposed Rock Mountain Highway be accepted and that Carbon County take all necessary measures to lay out, alter and establish said Rocky Mountain Highway as proposed.

Motion unanimously carried.

W. M. Englehart, then moved that the survey of the proposed road by the County surveyor be dispensed with, for the reason that said proposed route had already been surveyed by the State Highway Department and that an additional survey would be unnecessary, the State Highway Department having filed a copy of the plat and the survey notes in the office of the County Clerk, which plat and survey has been duly signed and approved by the County surveyor.

Motion duly seconded by Penn L. Gooldy and carried.

It was then moved by W. M. Englehart that March 23, 1925, at 12 o'clock noon of said day, be set as the date and time on or before which day all objections to the establishment or alteration of the proposed road, and claims for damages therefore must be filed with the County Clerk of Carbon County, Wyoming, at Rawlins, at which time all objections and claims as aforesaid will be heard by said Board.

Motion seconded by Penn L. Gooldy and duly carried.

It was then moved by W. M. Englehart that a notice be published for three successive weeks in three successive issues of the official paper of Carbon County, of the proposed location and alteration of the said Rocky Mountain Highway, the first publication thereof to be made February 3, 1925, which notice shall contain the place of commencement of said road, the description and general terms of its point and courses, the point of termination of the road, and the date and time on or before which objections to proposed road and claims for damages must be filed in writing with the County Clerk.

Motion duly seconded by Penn L. Gooldy and carried.

It was then moved by W. M. Englehart that the County Clerk by registered mail, send a copy of the published notice of the proposed road establishment and alteration to all persons owing lands or claiming any interest in the lands over or across which the proposed road passes.

Motion seconded by P.L. Gooldy and duly carried.

It was duly moved by P.L. Gooldy---seconded by W. M. Englehart and duly carried that the said notice be published in the following form:

A delegation of ladies appeared before the board at this time in support of the establishment of a County Library. After hearing their plea and reviewing the statistics and other evidence of the necessity of such an institution, the board agreed to take the proposition under consideration and report their conclusions later.

Next appearing before the board was Mr. W. C. Condict of School district No. 22 who presented a petition for the division of district No. 22 for the reason that at certain times during the school year it was practically impossible for the pupils of certain parts of the district to enjoy the advantages of the school on account of the distance necessary to be traveled. Action was held up pending the presentation of a counter petition.

Delegation of Wyoming Wool Growers Association appeared at this time asking for a reduction of the county appraisal of grazing lands in Carbon County. Proposition taken under advisement.

TAX REBATE:

Petition from John T. Ryan account non-residence, allowed, \$6.00.

In connection with Tax Rebate Refunds from the State to the County, in response to a communication from J. F. Burnham, a specialty man in this line, it was regularly moved and carried that negotiations be instituted with Mr. Burnham, with the view of having proper tax rebate refunds made to the county by the state.
