April 25, 1977

Carbon County Planning Commission  
City Hall  
Rawlins, Wyoming 82301

Dear Sir:

The proposed Aspen Meadows development creates some concerns for Carbon County School District #2. The plat of the development states there is no proposed road maintenance.

If families with children should move to this development they should be aware of the school district's transportation policy. The policy is, "School District No. 2 will operate buses only on improved and maintained public roads (not private)". Parents with students living off of maintained and improved public roads are responsible for the transportation to the nearest improved and maintained public road.

We would appreciate the inclusion of this statement in the record of the hearing on this development and in the records of hearings in any other proposed development in District No. 2.

Sincerely,

John C. Tynon  
John C. Tynon  
Superintendent of Schools
