CARBON COUNTY PLANNING AND ZONING

A motion was made by McMahon and seconded by Lemich and unanimously carried to allow two (2) delegates from the Carbon County Planning Board to attend the A.P.A. National Planning Conference in Miami, Florida, March 3rd thru March 8th.

An amendment to the Carbon County Zoning Resolution of 1972 was presented to the Commissioners.

Case File No. 78-5A was presented to the Commissioners. More specifically Section 500, Subsection 530 by adding to the first paragraph after the words "placement of structures" the following wording in parenthesis "(excluding dams, ditches, canals, water wells and fences)".

Amended paragraph would read: "Until such time that a "uniform building code" is adopted by the county, all construction that either places new buildings or structures on the land, or adds to the floor space of existing buildings either vertically or horizontally or that alters the physical appearance of the site by placement of structures (excluding dams, ditches, canals, water wells and fences) or physical improvements such as paving or lighting (if valued at more than \$500) shall require the submittal and approval of a zoning permit. New signing relocation or enlargement requires the submittal of a zoning permit regardless of value".

A motion was made by Lemich, seconded by McMahon and unanimously carried to Amend Section 500, Subsection 530.

A motion was made by Grieve, seconded by Lemich and unanimously carried to allow the Petition of Michelle J.
