April 4, 1979

The Board resumed its session at 10:00 A.M.. Grieve, Lemich and McMahon present. Grieve, Chairman.

#### SNAKE RIVER FIRE CONTROL

Warren Murphy of Dixon discussed the lack of fire control, organization facilities and equipment in the Snake River Valley. The Commissioners said that they would work with the area on equipment if a fire department could be organized in Baggs, Dixon and Savery.

#### U. S. FOREST SERVICE - RECREATION

Joe Remick, with the U.S. Forest Service met with the Commissioners to make them aware of a recreation plan for the Battle Pass - Bridger Peak area. This plan is called the Continental Divide Composite.

The purpose of the plan is to purchase key recreation oriented properties on a voluntary basis so as to provide additional recreation opportunities for the expanding population in Carbon County and surrounding areas. The proposed plan would also provide for purchasing access for the possible Continental Divide trail should a national commitment be made for construction of this facility. Information indicating the increased use of campgrounds on the Hayden District between 1977 and 1978 was presented. Use increased 40.4% in the one year term span.

There are numerous water oriented private land tracts in the Battle Pass area and these are some of the more desirable recreation sites. This plan identifies private land tracts desirable for acquisition and sets a priority for acquisition.

Acquisition of these land tracts under the Continental Divide Composite Plan will be on the open market by outright purchase or land exchange with willing proponents. The Continental Divide Composite is on file in the Office of the County Clerk.

#### CARBON COUNTY CORONER

Larry Shriner, County Coroner and Kendal McBride, Deputy, met with the Board to discuss various billings by the Coroner's office and the raising of Coroners fees. No action was taken.
