 DATE ISSUED 5/29/84

CARBON COUNTY, WYOMING

UNDERGROUND AND UTILITY PERMIT

DATE May 3, 1984PERMITTEE'S NAME Yampa Valley Electric Association, Inc. PHONE (303) 824-6593ADDRESS P. O. Box 217 Craig, Colorado 81626

Your request for permission to install an overhead electric line along or across County Highway No. 503 at Dixon, Wyoming, is granted when properly signed below by the Carbon County Engineer or his author-

June 5, 1984

ized agent.

This work shall be completed within three months (ninety) days from the issue date. No work shall be allowed on Saturdays or Sundays.

IT IS UNDERSTOOD that the Permittee will cause installation at no expense whatsoever to Carbon County and the Permittee will own and maintain the same after installation.

The N/A line shall be installed beneath the surface of the right-of-way at a minimum cover of 36 inches and the disturbed portion of the right-of-way shall be restored to its original condition. All backfilling shall be in eight inch lifts and mechanically compacted to 95% of Standard Proctor.

All road crossings shall be bored. Said installation shall be encased in pipe of larger diameter when required and the crossings shall be as nearly perpendicular to the roadway as physically possible. No water shall be used in the boring and no tunneling shall be permitted.

Where the installation crosses any ditch, canal or water carrying structures, wherever possible it shall be pushed through and beneath in a pipe of larger diameter thereby eliminating the necessity of trenching. In no case shall the flow of water ever be impaired or interrupted. The applicant shall obtain permission to cross all irrigation ditches from the owner of each ditch.

This work must be accomplished in accordance with accepted good practices and conform to the recommendations of the National Electric Safety Code and to such statutes as are applicable.

Construction warning signs, conforming to the Uniform Traffic Control Device Manual and to the Supplement shall be in place daily prior to starting any work. If proper signs are not in place during any work, the County Engineer or his authorized agent shall immediately stop all work until proper signs are in place.

Traffic shall be maintained on all roads at all times. Flagmen shall be provided at any locations where the orderly flow of traffic is interrupted.

The Permittee shall maintain the installation at all times and agree to hold Carbon County, Wyoming, the agencies thereof, and their officers and employees harmless from any and all loss and damage or any claims which may rise out of or be connected with the installation, maintenance, alteration, removal or presence of the installation herein referred to or any work or facility connected herewith, within the area covered by this permit.

If it becomes necessary to change the location of the proposed line, written approval must be secured from the County Engineer.

Permittee will be required to shut off lines and remove all combustible materials from the County right-of-way when requested to do so by Carbon County, Wyoming, because of necessary highway construction or maintenance operations.

Permittee shall mark this installation with markers acceptable to Carbon County, Wyoming, a minimum of two signs per mile, and shall be marked by two signs at each bridge or ditch crossing, and at each road crossing.

In the event any changes are made to this roadway in the future that would necessitate removal for relocation of this installation, Permittee will do so promptly at its own expense upon written request from Carbon County, Wyoming. Carbon County, Wyoming, will not be responsible for any damage that may result in the maintenance of the highway or to the installation placed inside County right-of-way limits.

-s- G. Frank Smith
Carbon County Engineer
Carbon County, Wyoming

-s- Robert Grieve
Chairman, Carbon County Commissioners

In accepting this permit the undersigned, representing the Permittee, verifies that he has read and understands all of the provisions on pages 1 and 2; that he has authority to sign for and bind the Permittee; and that by virtue of his signature the Permittee is bound by all the conditions set forth herein.

PERMITTEE: Yampa Valley Electric Assn.
