RAWLINS/CARBON COUNTY AIRPORT

A motion was made by York, seconded by Grieve and unanimously carried to adopt the following resolution:

RESOLUTION 1985-5

BE IT RESOLVED by the Commissioners of Carbon County that the following is adopted as the Minority Business Enterprise Program for the Rawlins/Carbon County Airport.

POLICY STATEMENT

It is the policy of the County of Carbon, Wyoming, hereinafter referred to as the SPONSOR, that Minority Business Enterprises (MBEs) as defined in DOT regulation 49CFR, Part 23 shall be afforded the maximum opportunity to participate in the performance of contracts which are funded in whole or in part through the Airport Improvement Program (AIP) for Rawlins/Carbon County Airport, Rawlins, Wyoming.

The SPONSOR will take necessary and reasonable steps in accordance with 49CFR, Part 23 to ensure that minority business enterprises have the maximum opportunity to compete for and perform contracts. The SPONSOR and its contractors shall not discriminate on the basis of race, color, age, national origin, or sex in the award and performance of DOT assisted contracts.

This Policy Statement will be made known to all activities of Rawlins/Carbon County Airport and to local business and community organizations, both minority and non-minority.

PASSED, ADOPTED AND APPROVED this 16th day of April, 1985.

MILLER DALEY PARTNERSHIP

Judy Moon, Peter Conrad and Jay Grabow, representatives of the Miller Daley Partnership met with the Commissioners to ask for support in backing their application for \$250,000.00 in Community Block Grant funding through the State's economic development fund.

The money would be used to renovate the Miller Daley building into a downtown mini-mall. The Commissioners took the request for endorsement under advisement.

ARK INDUSTRIES

Bill Vasey, Director of Rawlins Ark Industries and Rehabilitation Center requested a budget of \$25,000 for the 1985-1986 fiscal year. The budget request will be taken under advisement.

CARBON COUNTY PUBLIC HEALTH NURSE

A motion was made by Daily and seconded by Grieve to enter into the following agreement:

STATE-LOCAL AGREEMENT FOR SPECIAL SUPPLEMENTAL FOOD
PROGRAM FOR WOMEN, INFANTS, AND CHILDREN

THIS AGREEMENT entered into by and between the State of Wyoming, Department of Health and Social Services, Division of Health and Medical Services, hereinafter referred to as the STATE AGENCY, and the Carbon County Public Health Service of Rawlins, Wyoming, through its appropriate governing body, hereinafter referred to as the LOCAL AGENCY.

WITNESSETH:

1. The LOCAL AGENCY is willing to and agrees to administer the Special Supplemental Food Program for Women, Infants, and Children (WIC Program) for the period July 1, 1985, through June 30, 1985, in accordance with:
 - a. Guidelines developed by the Food and Nutrition Service, U. S. Department of Agriculture.
 - b. STATE AGENCY approved application and transmittals prepared by the LOCAL AGENCY and approved by the STATE AGENCY, which are a part of this agreement.
 - c. Definitions set forth in Title 7, Chapter II, Part 246, WIC Program Regulations (Federal Register, Document 44 FR 44422, Filed 7/27/79 attached), and any subsequent revisions thereto.
 - d. STATE AGENCY program policies in a manner which will assist and not obstruct the STATE AGENCY in carrying out its agreement with the Food and Nutrition Service.
 - e. WIC Program Regulations requiring the proper maintenance, retention, and availability of all required records.
 - f. Additional provisions that are required by law, Federal Regulations, and/or changes in the Wyoming WIC Operations Manual of Operating Procedures, Policies, and Regulations that may be necessary to WIC Program Administration.
 - g. Specifically, the provisions of Section 246.6 (c) (1-7) of the Regulations are included as follows:

April 16, 1985

- i. Comply with all the fiscal and operational requirements prescribed by the STATE AGENCY pursuant to this part and FNS guidelines and instructions;
 - ii. Have the competent professional authority on the staff (or contracted staff) of the LOCAL AGENCY and the facilities and equipment necessary to perform the certified procedures;
 - iii. Make available appropriate health services to participants up to the income level specified for the Program;
 - iv. Provide nutrition education services to participants, in compliance with 246.9 and FNS guidelines and instructions;
 - v. Implement a food delivery system prescribed by the STATE AGENCY pursuant to Section 246.10 and approved by FNS;
 - vi. Provide on a timely basis to the STATE AGENCY all required information regarding fiscal and program administration, in accordance with this part;
 - vii. Maintain complete, accurate, documented, and current accounting of all program funds received and expended;
 - viii. Maintain on file and have available for review, audit, and evaluation all criteria used for certification, including information on the areas served, income standards which comply with 246.7, and a list of specific criteria used to determine nutrition risk.
2. The STATE AGENCY agrees to make available to the LOCAL AGENCY the sum of \$21544.96 for the said program, subject to the following conditions:
- a. The STATE AGENCY receiving such funds from the U. S. Department of Agriculture;
 - b. Submission of an approved application and Local Agency Plan of Operations and Administration for FY85 by the LOCAL AGENCY, which is made a part of this agreement pursuant to Part 1b thereof.
 - c. The total expenditures of administrative funds for the program operations, clinic services, and nutrition education shall not exceed 22.49 percent of the total food expenditures credited to the project. At least 1/6th of the administrative funds must be spent on nutrition education.
3. It is further agreed by and between the parties hereto that:
- a. Any violation of the provisions of the Agreement by either party will cause to render the entire Agreement null and void;
 - b. Either party may terminate this agreement by submitting a 90-day written notice to the other party. Such time will be used for appropriate discontinuance of WIC Program activities, closing of accounts, and appropriate audit, as deemed necessary by the STATE AGENCY.
 - c. Modifications of the Agreement or budget shall be made only with the prior approval and consent of the Wyoming Division of Health (STATE AGENCY) and the U. S. Department of Agriculture, Food and Nutrition Service.
 - d. This contract is subject to the review and approval of the Wyoming Department of Administration and Fiscal Control.
 - e. The LOCAL AGENCY is committed to adhere to equal opportunity practices. Specifically, applicants and/or participants will not be discriminated against because of race, color, national origin, age, sex, or handicap. Applicants and/or participants who believe they are being discriminated against will be immediately referred to the Secretary of Agriculture, Washington, D. C. 20250.

VIEWER'S REPORT OF COUNTY ROAD 700

Viewer's report on road west and south from C. C. R. 700 to Moffatt County Road 4 (Colorado)
Beginning at station 58+08 on C.C.R. 700 which is the end of maintenance by Carbon County. The road is approximately 30' wide at this point.

- Station 63+36 existing 36" x 30' culvert plugged, should be extended.
- Station 71+28 existing 12" x 24' culvert should be replaced.
- Station 79+20 existing culvert 18" x 30' should be replaced in the future.
- Station 87+12 existing 15" x 30' culvert plugged.
- Station 92+40 existing 18" x 30' culvert.
- Station 95+04 existing 24" x 30' culvert.
- Station 102+96 existing 36" x 24' culvert.
- Station 124+08 existing 12' cattleguard. Should be replaced with 24' cattleguard.
- Station 145+20 existing 24" x 24' culvert.
- Station 153+12 existing 12" x 24' culvert plugged.
- Station 163+68 need to install culvert.
- Station 176+88 existing 18" x 24' culvert should be relocated.
- Station 184+80 existing 36" x 24' culvert should be replaced.
- Station 211+20 install culvert.

April 23, 1985

Station 219+12 existing 18" x 24' culvert.
 Station 224+20 existing 15" x 24' culvert should be replaced.
 Station 237+60 existing 15" x 24' culvert should be replaced.
 Station 250+80 existing 24" x 24' culvert.
 Station 256+08 to station 264+00 rebuild and upgrade drainage.
 (This is an intersection with the Poison Basin Road)
 Station 271+92 install new culvert.
 Station 311+52 replace existing 12' cattleguard with 24' guard.
 Station 438+24 upgrade existing culvert.
 Station 451+44 replace existing 12' cattleguard.
 Station 459+36 existing 48" culvert in irrigation ditch.
 Station 469+92 replace existing 12' cattleguard with 24'.
 Station 477+82 state line.

Total length of road under petition is 7.95 miles.

SUMMARY:

The road averages 24'+ in width. Several culverts need extensions and should be cleaned out. Six new culverts should be installed. The plugged culverts are due primarily to improper or no drainage maintenance. The majority of the drainage problems can be eliminated if borrow ditches are cleaned and the road shouldered up. All of the work needed now could be accomplished with the district 5 personnel.

Future requirements would include upgrading to standard width with some horizontal and vertical alignment and drainage improvements. The entire length would also require gravel surfacing. I would not make a cost estimate at this time as a more complete detailed engineering study with surveys would be required to give a sound cost estimate.

This particular section of road is compatible with most of our present roads, and I would not be adverse to accepting it as part of the County road system.

Respectfully,

-s- G. Frank Smith

VIEWER'S REPORT FOR WEBER SUBDIVISION ROAD

VIEWERS REPORT FOR ROAD IN SUBDIVISION
 OWNED BY JACK WEBER
 LOCATED NORHTEAST OF BAGGS, CARBON COUNTY, WYOMING

Began inspection north end of the road at station 0+00. The road at this point is 32' wide with gravel approximately 20' wide station 2+64 an existing culvert is plugged and the road is 24' wide.

Station 5+28 a culvert is required at this point. There is no culvert at this time and the road is 24' wide.

Station 10+56 an approach culvert is needed on the west side. 24' width.

Station 11+88 there is a pocket of water on the west side, no drainage. 24' width.

Station 15+84 the existing cattleguard is too light and should be replaced with a 24' cattleguard that meets Road & Bridge specifications. 24' width.

Station 21+12 this is an intersection of another subdivision road from the west. A culvert should be installed at this point. 24' width.

Station 25+08 needs approach culvert on west side. Cross culvert drains from east to west into a depression. There is no exit for the drainage except upon and across the land owner. 24' width. Gravel surfacing ends.

From station 25+08 to station 55+44 there is no gravel, the road is 24' wide and little or no drainage. The horizontal and vertical alignment is very poor.

In summary the total length of the road should be brought up to the standard width of 32' shoulder to shoulder. There should be a complete drainage survey made with proper sizing and location of culverts. The road has critical drainage problems in its present state.

I would recommend that the road not be accepted as part of the County Road system.

Respectfully,

-s- G. Frank Smith
