

Project Update

Courthouse and Carbon Building Improvement Project

Courthouse 4th Floor Proposed Furniture Plan

Courthouse 4th Floor Overview

Who is moving out?	Who is moving in?	Who is staying?
N/A	County Attorney	N/A

4th Floor Changes

The 4th Floor of the Courthouse was used as the County Jail until 2005 when the new Jail and Communications Center opened. The 4th floor has sat mostly untouched since 2005 and has been used for storage by various offices/departments. To create a Courthouse with all judicial functions under one roof, the County Attorney will move out of the Carbon Building and into the Courthouse. This “prime real estate” was perfect for the County Attorney to move into and be near the Courts and the people they serve regularly.

The public will access this floor using the updated elevator only. In case of emergency, there are internal fire stairs. Operational policies will be established on staff use of the north stair.

County Attorney staff will have access to a private restroom. No other restrooms will be provided on this floor. The closest public restroom is located on the 3rd floor.

A larger plans can be accessed [online](#).

Old County Jail

Coming Up...

[FCI Constructors of Wyoming](#), the Construction Manager, has been actively involved in the project since their selection. With renovations scheduled to start later this year, all future Project Updates will be provided by FCI.

 - August/September 2020

Project Update

Courthouse and Carbon Building Improvement Project

COURTHOUSE – 2nd FLOOR

County Attorney (Blue on the Plan Above)

The County Attorney relocation/remodel will provide:

- A Conference Room with adjacent beverage counter.
- Two Interview Rooms for attorneys to meet with clients outside of their private offices.
 - One (1) Interview Room can be accessed directly from the Public Reception/Waiting area.
 - The other Interview Room is considered a “Soft” Interview Room and could be used to meet with vulnerable clients.
- Seven (7) private Attorney Offices, including the County Attorney, and one (1) Investigator Office for future growth.
- Private staff restroom.
- Records storage area with a movable system.
- Private Office Manager Office located near the Legal Assistants and front reception counter.
- Space for six (6) Legal Assistants with easy access to the front reception counter.
- Secure reception counter to greet and screen clients prior to entering the office suite.
- Large work area.
- Secure NCIC Room.

Project Update

Courthouse and Carbon Building Improvement Project

Interim Justice Center (812 Murray Street) Update

← Public (South) Entry into the Interim Justice Center. Entry screening will be just beyond this entry vestibule. Metal detectors will be provided at the facility once the Courts have moved.

Public Lobby facing east towards the District Courtroom/Public Health area. Windows and doors on the north represent the County Attorney's Office, Clerk of District Court/Public Health and the Sheriff's Office Victim/Witness areas.

← Public Health Nurse Workstations (future District Courtroom) facing south. Door on the right of the photo leads to an Exam Room and the future Clerk of District Court's Office.

The photos above show the progress of the Interim Justice Center as of the week of July 27, 2020. The first occupants of the Interim Justice Center will be the County Attorney and Public Health.
