

## Donation from Williams Field Services

The Carbon County Sheriff's Office received a donation from Williams Field Services - Echo Springs for the amount of \$1000.00.

Williams has donated in past years to help the Sheriff's Office with equipment purchases to benefit the citizens of Carbon County. Those donated funds have helped to purchase GPS devices and most recently a new fingerprint stand that allowed us to continue fingerprinting citizens who come into the office for background checks and Concealed Firearms Permits.
